

City Syd is one of Norway's largest shopping centres, located about 9 km south of central Trondheim.

With over 70 shops, you will find everything you need, from the latest fashion to a large Obs! hypermarket and family-friendly restaurants. Its long opening hours (9 am to 8 pm/9 pm), 1,000 free parking spaces and good bus connections make City Syd an easy place to shop. There is a bus stop right outside, with buses to and from the city centre several times an hour.

City Syd is managed by Citycon for Storebrand.

City Syd attracts approximately 11,200 customers on weekdays and 15,300 on Saturdays.
